

Career Placement

Aveda Arts & Sciences Institute Minneapolis is connected with many salons, spas, and Aveda Experience Centers nationwide. We will help you gain the knowledge you need with career fairs and self-promotional instruction. The institute's curriculum includes training on professionalism, resume development, interview preparation, and job search skills. In addition, the institute's Career Coach is available for individual appointments with students to discuss job searching, interview preparation, and to review students' resumes. Nonetheless, Aveda Arts & Sciences Institute Minneapolis is primarily an institution of learning and does not guarantee job placement.

Graduation, Placement, and Licensure Rates

(Calculated pursuant to National Accrediting Commission of Career Arts & Sciences (NACCAS) 2018 Annual Report (Data) Standards. The cohort consists of all students scheduled to graduate in 2018.)

	Cosmetology	Esthiology	Massage Therapy	Overall
Graduation	66.67%	77.55%	85.71%	73.22%
Placement	94.92%	81.58%	94.44%	89.18%
Licensure	100%	100%	N/A	100%

The qualities that employers look for in the Cosmetology, Esthiology, and Massage Therapy fields are the following:

- Attitude and professionalism
- Polished appearance
- Grade average and overall attendance
- Monday and Saturday attendance
- Technical and retail skills
- Time management

Regulatory Oversight Restrictions

To obtain a Cosmetology or Esthiology license in Minnesota, an applicant must satisfy the licensing requirements found in the institute's catalog and on the Minnesota Board of Cosmetologist Examiner's (BCE) website. However, even if an applicant satisfies those requirements, the following items could prohibit an applicant from obtaining a license:

- (1) if the applicant held a license in another state which has been subject to disciplinary action;
- (2) if the applicant is not in good standing with the Minnesota Department of Revenue; and
- (3) if the applicant has been subject to discipline by the BCE.

The State of Minnesota does not have state licensing regulations concerning the practice of massage therapy. Each city or county in the state decides if and how they will regulate massage therapists. Please inquire with each city or county you wish to practice in to determine those requirements.
